

MODELLO

SIDLER® International Ltd.

THIS IS A 'DESIGN YOUR OWN' CUSTOMIZABLE CABINET!

The Modello Collection from SIDLER® is our most adaptable cabinet for a personalized design solution. The Modello's design is a standard SIDLER® mirrored medicine cabinet, but with a twist!

SIDLER®'s Modello is modular where it can be customized to create a bathroom cabinet 'your own way' by using the 'custom cabinet creator' located on SIDLER®'s website.

Adjust the height, width, depth, door configuration to suit your taste and bathroom size. Also, add an electrical outlet or illuminate your bathroom by adding vertical LED lights to your Modello cabinet.

SIDLER®'s Modello features an enhanced anodized aluminum body including a mirrored back wall. The foundation of this cabinet includes Blum® soft-close hinges, SilverLasting™ double-sided mirror door, distortion-free mirrors and adjustable glass shelves.

And best of all, this creative and versatile innovation from SIDLER® starts at an affordable price.
